

The type specimens

West African species found in Angola

Kalloconus genuanus (Linnaeus, 1758)
Lectotype fig. in Rumphius 64x34mm
Specimen *K. genuanus* Soyo Angola 71mm
GM

Kalloconus pulcher [Lightfoot, 1786]
Lectotype fig. in Lister pl.772 f. 77x47mm
Specimen *K. pulcher* Ambriz, Angola 117mm GM

Monteiroconus tabidus (Reeve, 1844)
Holotype ZMUC 34x19mm

Chelyconus ermineus (Born, 1778)
Lectotype NMWC 37 x 22mm

Species endemic to Luanda Province, Angola

Lautoconus aemulus (Reeve, 1844)
Lectotype NHMUK 34x19mm

Lautoconus xicoi (Röckel, 1987)
Holotype NMSF 25x15mm

Species endemic to the coasts of Benguela and Namibe provinces, Angola

Lautoconus africanus (Kiener, 1845)
Cited Figure Coq. Viv. 2 pl.104 f.2.

Lautoconus albuquerquei (Trovão, 1978)
Holotype CPAS 12.7 x 7.5mm

Lautoconus alexandrinus (Kaicher, 1977)
Lectotype USNM 23.6x12.8mm. See also *C. musivus*

Lautoconus allaryi (Bozzetti, 2008)
Holotype MNHN 26x 14.8mm

Lautoconus anabelae (Rolán & Röckel, 2001)
Holotype MNCN 23.3 x 15.1mm

Lautoconus annegretae Schönherr, 2018
Holotype MNCN 37x21.8mm

Lautoconus babaensis (Rolán & Röckel, 2001)
Holotype MNCN 25.8 x 15.7mm

Lautoconus bocagei (Trovão, 1978)
Holotype CPAS 27x 15.8mm

Lautoconus bulbus (Reeve, 1843)
Lectotype NHMUK 24x11mm

Lautoconus cepasi (Trovão, 1975)
Holotype 46.6 x 26.4mm.

Lautoconus chytreus (Tryon, 1884)
Holotype NMWC 16.6x10mm

Lautoconus equiminaensis Schönherr, 2018
Holotype MNCN 31.5x 17.8mm

Lautoconus eusebioi Schönherr, 2018
Holotype MNCN 27.5x 17.2mm

Lautoconus filmeri (Rolán & Röckel, 2000)
Holotype SMNS 33.1x19.5mm

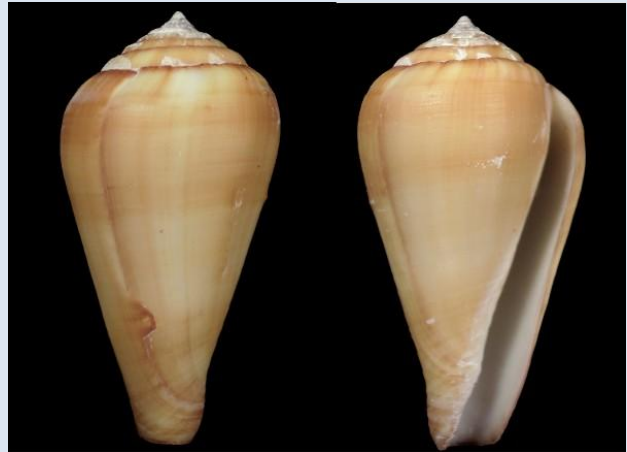

Lautoconus flavusalbus (Rolán & Röckel, 2000)
Holotype MNCN 23.7x14.3mm

Lautoconus franciscoi (Rolán & Röckel, 2000)
Holotype MNCN 28.4x15.6mm

Lautoconus fuscolineatus (Sowerby III, 1905)
Holotype NHMUK 22x12.5mm

Lautoconus inesae Monteiro et al, 2014
Holotype MNCN 31x16.7mm

Lautoconus lineopunctatus (Kaicher, 1977)
Holotype USNM 38.1x21.3mm

Lautoconus lobitensis (Kaicher, 1977)
Holotype USNM 19x11.2mm

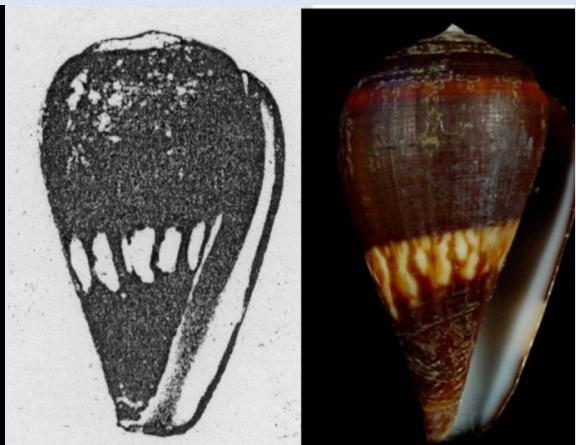

Lautoconus medverdevi Monteiro et al, 2014
Holotype MNCN 26x14.4mm

Lautoconus micropunctatus (Rolán & Röckel, 2000). Holotype MNCN 32.4x17mm

Lautoconus naranjus (Trovão, 1975)
Holotype CPAS 18.1x10.7mm

Lautoconus negroides (Kaicher, 1977)
Type lost. Original figure; Holotype
gabrielae(Syn)

Lautoconus nobrei (Trovão, 1975)
Holotype CPAS 17.1x10.6mm

Lautoconus nunesi Schönherr, 2018
Holotype MNCN 38.5x22.5mm

Lautoconus petuchi Monteiro et al, 2014
Holotype MNCN 28.6x17.2mm

C. tenuilineatus - holotype - 26.7 mm - Baía do Binga
Angola
Lautoconus tenuilineatus (Rolán & Röckel, 2000)1
Holotype MNCN 26.7x14.5mm

holotype
Comus trovai RÖCKEL & ROLÁN, 2000
Holotype, 38.5 mm - Limagens, Angola
Lautoconus trovai (Rolán & Röckel, 2000)
Holotype MNCN 38.5x 20.8mm

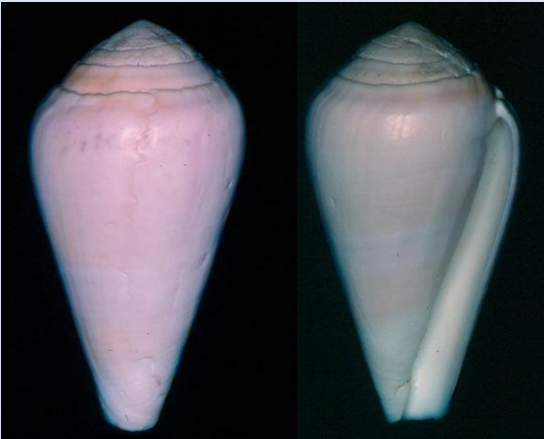

Lautoconus variegatus (Kiener, 1845)
Original fig. lectotype. Specimen GM coll.

Lautoconus zebroides (Kiener 1845) 45mm
Type figure ; specimen Lucira GM

Species in genus *Pseudonoduloconus* from Benguela and Namibe Provinces

Pseudonoduloconus carnalis (Sowerby III, 1879)
Holotype NMWC 48x 25mm

Specimen 63mm GM coll. Note the unique structure of the spire which defines the genus.

Taxon names which are now considered synonyms

amethystinus Trovão, 1975
Holotype CPAS 34.2 x 19mm
Synonym of *P. carnalis*.

angolensis Paes da Franca, 1957
Holotype MNHNC 29x19mm
Synonym of *L. zebroides*

gabrielae Rolán & Röckel, 2000
Holotype MNCN 24.7x14.5mm
Synonym of *L. negroides*

lucirensis Paes da Franca, 1957
Holotype MNHNC 16x10mm
Synonym of *L. chytreus*

neoguttatus Da Motta, 1991
 Replacement name for *C. guttatus* Kiener, 1845
 Synonym of *L. lineopunctatus*

obtusius Kiener, 1845
 Synonym/form of *L. variegatus*

tevesi Trovao, 1978
 Replacement description of *C. musivus*
C. alexandrinus Kaicher 1977 takes precedence.

Taxon names described but considered invalid

dealbatus A. Adams, 1853
NHMUK 24.3x12.7mm
Status uncertain. Possibly a fossil

musivus Trovão, 1975
CPAS 33.8x18.6mm
A homonym of *C. musivum* Sowerby 1833
Synonym of *L. alexandrinus*
